Dear Brianna Gregory Foundation,

Thank you for your recent gift to the **Children's Hospital** fund at the Providence Alaska Foundation and for your commitment to furthering the mission of the Sisters of Providence through outstanding programs and services for all Alaskans.

Most recently gifts to the Foundation helped to fund the following programs and services in our community:

- The *Mobile Mammography* coach provided 1,400 mammograms for uninsured and underinsured women in our community
- The *No One Dies Alone* program offered companionship for 125 patients at the end of life
- *The Children's Hospital at Providence* was able to enhance Child Life services for children facing challenges related to hospitalization by promoting effective coping through play, preparation, education, family support, and self-expression activities
- The *Walter J. and Ermalee Hickel House* subsidized guest rooms and provided a 'home away from home' for out of town patients and their families
- *Safe Kids Alaska* provided car seats for over 700 low income families across the state
- *PAWS Pet Assisted Wellness* facilitated 288 therapy dog visits to patients of all ages

And so much more...

For 25 years, the Providence Alaska Foundation has funded vital services, education, medical equipment, and health care for those most in need, helping Alaskans live healthier, and more productive lives. With an increasing demand for new technologies and programs, our ability to meet the needs of our growing population depends on the generosity and commitment of Alaskans throughout the state.

Your gift, in collaboration with other community donors, ensures quality compassionate health care for all, especially the poor and the vulnerable. We thank you for your commitment to Providence. Your donation will make a difference in countless lives. Please do not hesitate to call if you have any questions regarding this or any gifts to the Providence Alaska Foundation. Your gift is an inspiration and we thank you for choosing Providence.

Many thanks,
